TRAINING COURSES

[www.mc-aesthetics.co.uk](http://www.mc-aesthetics.co.uk)

The background of the image shows a modern interior space. On the left, a white reception desk is visible. On the wall behind it, a sign reads 'Mc AESTHETICS FRESH YOUR LOOK'. To the right, a large window looks out onto a residential street with houses. A white, cushioned hanging chair is suspended in front of the window. The overall lighting is bright and clean.

# TOXIN

## Why train with Mc Aesthetics?

- 1 day in-depth training
- Begin to understand the ageing process
- In depth theory and Practical with hands on experience
- Gain Certification and a recognised qualification
- Receive accreditation including your name and company promoted on our official Mc Website
- Ongoing mentorship, advice and support

## Course Objectives

We will give you the knowledge and skills to assess, inject and understand the pharmacology of botulinum toxin. There is in depth education of the anatomy including vectors and how they play a huge role when assessing the face for the desired results.

The areas covered include frown lines, forehead lines, crows feet and bunny lines. You will understand the ageing process and be able to choose the correct dosage of toxin for the most effective results.

We aim to transform you into a confident practitioner who can manage any complications or undesired results if they do occur.

## DERMAL FILLERS

### Why train with Mc Aesthetics?

- 1 day in-depth training
- Begin to understand the ageing process
- In depth theory and Practical with hands on experience
- Gain Certification and a recognised qualification
- Receive accreditation including your name and company promoted on our official Mc Website
- Ongoing mentorship, advice and support

### Course Objectives

You will begin to understand the science behind the ageing process and what injectable fillers are, and how to use them to their full potential for outstanding results.

A full face assessment process is our unique way of making you understand how the face is being affected by both internal and external factors and how you as a practitioner can give the best results to achieve outstanding client satisfaction.

# CHEEK AUGMENTATION

## Why train with Mc Aesthetics?

- A full day tailored to the course objectives
- In depth theory and Practical with hands on experience
- Covering a variety of injection techniques for best results
- Gain Certification and a recognised qualification
- Receive accreditation including your name and company promoted on our official Mc Website
- Ongoing mentorship, advice and support

## Course Objectives

Cheek augmentation is one of the most effective treatments you can offer within your aesthetics portfolio. Whether you are restoring or enhancing, the mid-face is one of the first areas to deplete of volume and causes some undesired changes to the face.

You will learn how to inject safely and in the most effective way to give the best results for your clients needs/wants. We will introduce you to the use of a cannula, an advanced way to really define, restore and enhance cheeks in the safest ways possible. We look at both young v older clients, their expectations and how to deliver an outstanding consultation to prevent complaints and unexpected results.

# CHIN & JAWLINE AUGMENTATION

## Why train with Mc Aesthetics?

- A full day tailored to the course objectives
- Intermediate course
- In depth theory and Practical with hands on experience
- Managing unrealistic expectations
- Covering a variety of injection techniques for best results
- Gain Certification and a recognised qualification
- Receive accreditation including your name and company promoted on our official Mc Website
- Ongoing mentorship, advice and support

## Course Objectives

This course is the next step towards becoming an advanced practitioner. You will learn in depth knowledge of the anatomy and physiology of the lower face, mastering product selection for exceptional results.

Covering both the chin and jawline area individually and combined within the course to help you more than achieve the client's expectations. We discuss both injectable fillers and toxin within this course, giving you the best options for you to decide confidently on which is the best option for your client.

# DERMAPLANING/DERMAROLLING

## Why train with Mc Aesthetics?

At Mc Aesthetics, we see the aesthetic journey as a holistic approach. From filling volume, to relaxing wrinkles and a huge factor is skincare.

As an introduction into skincare, during the dermaplaining/dermaroller teaching day you will cover the anatomy and physiology of the skin. What problems can occur with client's skin, and how you can begin to advise them of how to gain the best from their skin.

You will learn how to help with any acne scarring, dull appearance, vellus hair removal and skin tightening.

## BESPOKE PACKAGES/1-2-1 TEACHING

### Why train with Mc Aesthetics?

Do you desire 1-2-1 support/teaching? Maybe you are already qualified in some of the above courses however there are some aspects you would like to improve?

Contact us for bespoke 1-2-1 training with one of our advanced practitioners.

We also offer beginners 1:1 training and can tailor bespoke training courses to suit your requirements (please contact us for a personalised quote).
